

CORRECTIVE CHARCOAL DETOXIFYING SCRUB

pH	N/A
SKIN TYPES	Appropriate for all skin types including sensitive and acne prone.
DESCRIPTION	This gentle exfoliating blend of coconut activated charcoal and vitamin-rich ingredients removes excess oil, dirt and impurities while nourishing and restoring a bright complexion. The power of charcoal works to draw out trapped toxins and impurities to help minimize bacteria and breakouts. This activated charcoal scrub not only detoxifies but will help to replenish vital nutrients and restore a healthy complexion.
BENEFITS	<ul style="list-style-type: none">• Reduce excess oil and bacteria.• Draws out toxins and impurities.• Effectively removes dead skin cells.• Promotes cellular turnover.• Properly prepares the skin for light therapy and increased product penetration.
DIRECTIONS	Professional Use- This product should be used after cleansing the skin and prior to applying other skin care products. Apply small amount of the Corrective Charcoal Detoxifying Scrub to a clean damp face. Work the scrub in a circular motion and massage approximately 4-5 time, gently buffing the skin. Clean with a warm washcloth until all scrub is removed. Rinse thoroughly with cool water. Abi's Corrective Charcoal Detoxifying Scrub is ideal for properly preparing the skin for a LIGHTWAVE LED treatment. Please see LIGHTWAVE protocols.
ACTIVE INGREDIENTS	<p>Activated Coconut Charcoal Powder - is an ultra-fine powder made from natural steam activated coconut shells. The porous texture traps impurities, bacteria and excess oil drawing them out of the skin.</p> <p>Olive Seed Powder- is a natural physical exfoliant comprised of finely ground olive pits.</p> <p>Safflower (Carthamus Tinctorius) Seed Oil – is a vitamin E rich oil which penetrates quickly and helps to sooth irritation and reduce inflammation of compromised skin.</p> <p>Aloe Vera- aids in calming and soothing dry and irritated skin. Aloe Vera is a powerful moisturizer with antibiotic and wound healing abilities. It is a natural oxygenator (drawing and holding oxygen to the skin). It is one of the most effective cellular renewal ingredients.</p> <p>Kaolin- Is a very mild natural mineral clay that gently extracts dirt, and impurities from within the pores while absorbing excess sebum and oil produced from overactive sebaceous glands. It also provides tightening and drawing effects that help to stimulate circulation thereby reducing skin inflammation.</p> <p>Tocopherol (D-alpha)- Is known as an antioxidant “superstar” due to its incredible healing and repairing properties and provides natural protection from damage caused by the sun.</p> <p>Olive (Potassium Olivatate)- is a blend of potassium salts of the fatty acids derived from olive oil.</p>
