

GREEN TEA BRIGHTENING SCRUB

pH	N/A
SKIN TYPES	Appropriate for all skin types including sensitive and acne prone.
DESCRIPTION	This soothing, anti-inflammatory scrub hydrates and protects while gently exfoliating dull, lifeless skin with the natural polishing power of pumice. It contains effective polyphenols, hyaluronic acid, and multi-minerals to boost skin regeneration and wound healing while effectively neutralizing free radical damage. It significantly increases moisture retention and provides a youthful tight and bright complexion.
BENEFITS	<ul style="list-style-type: none">• Effectively removes dead skin cells to lighten and brighten.• Promotes cellular turnover.• Properly prepares the skin for light therapy and increased product penetration.• Increases skin hydration and moisture retention, reduces inflammation.
DIRECTIONS	Professional Use- This product should be used after cleansing the skin and prior to applying other skin care products. Apply small amount of the Green Tea Scrub to a clean damp face. Work the scrub in a circular motion and massage approximately 4-5 time, gently buffing the skin. Clean with a warm washcloth until all scrub is removed. Rinse thoroughly with cool water. Abi's Green Tea Brightening Scrub is ideal for properly preparing the skin for a LIGHTWAVE LED treatment. Please see LIGHTWAVE protocols.
ACTIVE INGREDIENTS	<p>Green Tea- is a potent antioxidant with powerful anti-inflammatory properties that reduces free radical damage within the skin. It contains powerful polyphenols to promote skin regeneration and wound healing. It is also an astringent that naturally reduces the appearance of pore size.</p> <p>Pumice- is a natural exfoliant comprised of finely ground volcanic stone harvested from the Mediterranean Sea.</p> <p>KuKui (Aleurites Moluccanus) Seed Oil- is an excellent skin conditioner and contains high levels of alpha-linolenic acids and omega-3 and 6. It helps sooth and moisturize dry, irritated skin and improves skin suppleness and elasticity.</p> <p>Sodium Hyaluronate (Hyaluronic Acid) – increases moisture retention, provides a more hydrated and supple skin texture. Hyaluronic Acid holds more hydration to the skin than any other natural substance.</p> <p>Aloe Vera- aids in calming and soothing dry and irritated skin. Aloe Vera is a powerful moisturizer with antibiotic and wound healing abilities. It is a natural oxygenator (drawing and holding oxygen to the skin). It is one of the most effective cellular renewal ingredients.</p> <p>Sepitonic®M3- is a multi-mineral chrono-energizing agent is made up of Magnesium, Zinc and Copper. These elements help to maintain skin function and stimulate cellular regeneration while enhancing and brightening skin tone and restoring skin vitality.</p> <ul style="list-style-type: none">• Magnesium- encourages protein synthesis and phosphates transfer.• Copper- encourages synthesis of ATP, keratin, and collagen.• Zinc- plays a role in the synthesis of DNA. It helps combat aging by stimulating reversal of the collagen matrix.
