

THERAPEUTIC COPPER PEPTIDE MASK WITH HYALURONIC

| | |
|-----------------------------|---|
| pH | N/A |
| SKIN TYPES | Appropriate for all skin types including sensitive, ablated and acne prone. |
| DESCRIPTION | <p>This transparent bio-active cellulose mask is designed for post micro needling, post laser, post peels, sun burns, wound healing, scar reduction, and restoring elasticity and skin tone. Its moisture retention benefits reduce dryness, itching and burning without any irritation. It contains a very high concentration of medical grade Hyaluronic acid, which dramatically boosts the skin's hydration levels and helps to maintain the elasticity within the skin. This unique concentrate also contains Sepitonic®M3 to help jump start the cellular remodeling process.</p> |
| BENEFITS | <ul style="list-style-type: none">• Reduces inflammation.• Increases skin hydration and moisture retention.• Soothes and protects dry and ablated skin.• Promotes healthy skin remodeling.• Increases firmness, elasticity and plumpness.• Stimulates collagen production.• Provides free radical protection. |
| DIRECTIONS | <p>Professional Use- Make sure the skin is clean and ready to accept the mask. Open packet using tear tab. Slide out mask. The mask is made up of 3 layers. Only the middle layer will be used. Remove the rough top layer and discard. Apply the soft bio cellulose mask directly to the skin. Remove the other rough side of the mask. Smooth out the bio-cellulose mask so it fits and adheres to the skin. Allow the skin to penetrate for 10-15 minutes. Remove the used mask and discard. Pat in any excess skin care left on the skin. Apply any additional products as needed. Allow gel to penetrate completely before applying any other post care products including sunscreen.</p> |
| ACTIVE INGREDIENTS | <p>Copper Tripeptide-1 – is a powerful tripeptide. It stimulates the production of collagen while counteracting the oxidizing effects of free radicals. Copper Tripeptide-1 has long been approved by the FDA for wound healing. In addition, it aids in the reduction of inflammation and stimulates tissue remodeling.</p> <p>Medical Grade Hyaluronic Acid – Increases moisture retention, providing a more hydrated and supple skin texture. Hyaluronic Acid holds more hydration to the skin than any other natural substance.</p> <p>Sepitonic®M3- This multi-mineral chrono-energizing agent is made up of Magnesium, Zinc and Copper. These elements help to maintain skin function and stimulate cellular regeneration while enhancing and brightening skin tone, and restoring skin vitality.</p> <ul style="list-style-type: none">• Magnesium- encourages protein synthesis and phosphates transfer.• Copper- encourages synthesis of ATP, keratin and collagen.• Zinc- plays a role in the synthesis of DNA. It helps combat aging by stimulating reversal of the collagen matrix. |
| COMPLETE INGREDIENT LISTING | Sodium Hyaluronate, Magnesium Aspartate, Zinc Gluconate, Copper Gluconate, Copper Tripeptide-1 |
| CAUTIONS | Avoid getting the product in the eyes. |
| AVAILABLE SIZES | Professional: 4 Masks per box |
