

CORRECTIVE PADS

pH	3.0
SKIN TYPES	Appropriate for all skin types including sensitive. Ideal for oily and acne prone skin.
DESCRIPTION	These pads are designed to resurface and alleviate congested skin. They will also help to reduce sebum in oily skin conditions. This unique formula of glycolic acid, combined with willow bark will gently exfoliate dead skin cells, keeping skin feeling smooth and providing a more even skin tone without irritating sensitive skin.
BENEFITS	<ul style="list-style-type: none">• Remove excess sebum and dead skin cells.• Reduces inflammation and calms and soothes dry, irritated skin.• Protects against free radical damage.• Increases cellular turn-over.
DIRECTIONS	<p>Home Care- Cleanse skin with Corrective Wash and gently wipe pad over the affected area on face or body one to two times daily. Then apply hydrating and/or other therapeutic products prescribed by skin care specialist or physician. Best when used in the evening.</p> <p>Note: The pads can be used throughout the day to remove traces of dirt and oil. If over drying of the skin occurs, limit the pad use to once a day.</p> <p>Professional Use- It is often used between LIGHTWAVE treatment sessions. Please see LIGHTWAVE protocols.</p>
POWER PURE™ INGREDIENTS	<p>Glycolic Acid (7%) – An effective alpha hydroxyl acid (AHA), generally found in sugar cane, sugar beets and unripe grapes that improves hydration by enhancing moisture intake. It does this by reacting with the upper layer of the epidermis, dissolving the bonds that hold dead skin cells together allowing essential moisture to penetrate the skin. It also helps to increase cellular turnover, refine skin texture, and assist in skin lightening while also providing better penetration for other products due to its small molecular structure.</p>
ACTIVE INGREDIENTS	<p>Willow Bark Extract- Provides natural beta hydroxy acid activity and significant anti-inflammatory properties that has shown excellent results when dealing with acne and problematic skin.</p> <p>Witch Hazel- Effective astringent that is also soothing and healing. It is also known to help reduce oil and dry out acne breakouts.</p> <p>Aloe Vera- Aids in calming and soothing dry and irritated skin. Aloe Vera is a powerful moisturizer with antibiotic and wound healing abilities. It has remarkable healing abilities because it is a natural oxygenator (drawing and holding oxygen to the skin). For this same reason, it is one of the most effective cellular renewal ingredients available for use in cosmetics.</p> <p>Allantoin- An effective healing agent that helps to promote cellular renewal and it has a soothing and softening effect.</p> <p>Green Tea- Potent antioxidant with powerful anti-inflammatory properties that reduces free radical damage within the skin. It is also an astringent that naturally reduces pore size.</p>
