

POST TREATMENT BALM

pH	3.8
SKIN TYPES	Appropriate for all skin types including ablated, sensitive, mature and dry.
DESCRIPTION	ABI's Post Treatment Balm reduces redness and inflammation and promotes healing following aggressive resurfacing procedures such as CO2 laser, Erbium Laser, deep chemical peel or dermabrasion. This fragrance free, non-irritating occlusive contains key ingredients designed to aid in soothing and protecting distressed skin during the re-epithelialization process. It does not contain mineral oil or petrolatum which can frequently cause breakouts.
BENEFITS	<ul style="list-style-type: none">• Contains no Mineral oil or Petrolatum.• Reduces redness and inflammation.• Promotes skin repair and decreases healing time.• Helps prevent trans-epidermal water loss.• Relieves tightness, itching and burning associated with healing.
DIRECTIONS	<p>Home Care- Gently apply to the affected area. Use morning and night or as needed. Use a vinegar and water solution to easily remove from ablated skin.</p> <p>Professional Use- Gently apply a liberal amount to the affected area once the heat has left the skin and it no longer feels warm to the touch. Use a vinegar and water solution to easily remove from ablated skin.</p>
POWER PURE™ INGREDIENTS	<p>Ubiquinone (CoQ10)- Co-Enzyme Q10 is a vitamin like antioxidant that helps to boost cellular activity. It helps to fortify the skin's defenses against UV damage, while reducing the appearance of wrinkles, strengthening cell membranes, and providing the skin with new energy.</p> <p>Copper Tripeptide-1- Assists in tissue repair and provides collagen synthesis. Skin will be firmer and wrinkles or fine lines less noticeable.</p>
ACTIVE INGREDIENTS	<p>Ricinus Communis (Castor) Seed Oil- emollient known to accelerate healing, stimulate skin cells and sooth dry, damaged skin.</p> <p>Butyrospermum Parkii (Shea Butter) - strengthens the skin and contains its own natural tocopherol which is a potent antioxidant, therefore attenuating the oxygen free-radical component of the aging process. Shea butter is derived from the fruit of the Karite Tree, a natural fat that provides high moisturizing and hydration benefits; consists of numerous fatty acids and triglycerides.</p> <p>Eucalyptus Globulus Leaf Extract –has therapeutic and antimicrobial properties.</p> <p>Mentha Piperita (Peppermint) Oil – used to relieve skin irritation and itchiness and also helps to reduce skin redness, where inflammation is present.</p> <p>Eucalyptus Globulus Leaf Extract – is derived from leaves of the Eucalyptus tree; refreshing, expectorant, anti-microbial and antiseptic.</p> <p>Aesculus Hippocastanum (Horse Chestnut) Bark Extract- is a rich source of antioxidant plant compounds with soothing, anti-irritant and anti-inflammatory properties.</p> <p>Panthenol (D)- aids in moisture retention and increases elasticity. Protects against burns and aids in tissue repair.</p> <p>Melaleuca Alternifolia (Tea Tree) Leaf Oil- is an antibacterial, antiseptic essential oil.</p> <p>Glycine Soja (Soybean) Oil- moisturizing, healing.</p>
